Bachelor of Finance, Banking and Insurance Educational Program

1. Competitive advantages of the educational program 'Bachelor of Finance, Banking and Insurance':

Educational program (EP) provides an opportunity to gain solid knowledge in the fields of economic and financial theory, banking and insurance as well as advantages for leadership in the labor market, prospects for career growth and running your own business;

practically oriented methods of studies, intensive training in decision-making with the help of situational tasks will develop:

-a comprehensive vision of situation development and rapid response skills to the challenges of the new reality of the financial system and the banking sector both in Ukraine and abroad;

- understanding the macro- and business environment in which the banking system operates and taking it into account in the process of managing it;

EP provides personal development that helps to improve business qualities, to gain deep knowledge of modern finance, banking and risk management, to master financial instruments and to get international practical experience for decision-making in the current risky market environment.

To win in a competitive environment today, you need to have knowledge and skills in business development in modern conditions, to be able to predict and quickly adapt to the introduction of innovative processes and to acquire the latest knowledge in finance, banking and insurance.

2. A high level of training of students is achieved by providing them with European-level knowledge of the following main professional disciplines: finance, international finance, local finance, enterprise finance, international financial organizations, the EU finance, banking, budget system, tax system, banking system, financial market, insurance, professional foreign language.

3. Our graduates can hold the following positions:

heads of financial and investment departments of firms, insurance companies, banks; economists-experts and financial consultants on business development; financial directors of firms, insurance companies and banks; financial analysts and financial experts; investment and credit consultants; specialists in financial and economic security; intermediaries of financial markets.

Graduates have the opportunity to study the programs of the second (Master) and the third (Doctor of Philosophy) cycles of education. The formation of a systematic vision of the development of the financial, banking system, insurance system, as well as strategies for their development, mechanisms and tools for the effective implementation of basic management tasks is a guaranteed result of training in the specialty 072 Finance, Banking and Insurance at Leonid Yuzkov Khmelnytskyi University of Management and Law.

4. ADVANTAGES OF THE UNIVERSITY:

- 1) consistently high university ratings among higher education institutions of Khmelnytskyi region and Ukraine;
- 2) high reputation among consumers of educational services and employers;
- 3) providing end-to-end higher education at all levels (Bachelor, Master, Doctor of Philosophy);
- 4) high level of qualification of scientific and pedagogical staff, active involvement of practitioners in the educational process, innovative forms and methods of teaching;
- 5) modern level of material, technical and information support for training specialists and performing research work (including the elements of distance learning);
- 6) conditions for dual education (combination of training in classrooms and workplaces in organizations (enterprises, institutions));
- 7) possibility to form an individual educational trajectory, ensuring academic mobility of students, including the possibility of parallel training at the university in various specialties (073 Management, 072 Finance, Banking and Insurance, 242 Tourism, 281 Public Management and Administration, 081 Law, 293 International Law, 232 Social Security) by full-time and part-time forms;
- 8) interesting, rich, diverse public, sports, cultural, scientific student life, energetic activity of student government of the University;
- 9) a real opportunity for students to influence the content of their studies and improve the educational programs they study.
